Russian Banana Fingerling Potatoes- This is the most well known of all of the fingerling varieties. This variety sports a skin that is tan colored, waxy and smooth. This beloved potato has a fluffy yellowish flesh with a nutty/buttery flavor.

Ruby Crescent Fingerling Potatoes-This beloved variety offers a slightly more knobby look than the Russian Banana. Its pinkish/tan skin conceals a firm, waxy yellowish flesh.

French Fingerling Potatoes- More round than many fingerlings, this variety's smooth and shiny pink/red skin covers a drier, fluffier yellow flesh with streaks of reddish pink. It offers a creamy texture and slightly nutty flavor.

Red Thumb Fingerling Potatoes- The skin of this smooth, brightly colored pink/red fingerling conceals a fluffy, yellowish flesh with pink undertones. A fine tasting member of our family of products.

Purple Fingerling Potatoes-An heirloom variety native to the Andes, this knobby skinned beauty has a dry and waxy texture and a nutty earthy flavor. It has a very “earthy” flavor and its purple flesh retains its color even after cooking.

Rockey Rose Fingerling Potatoes-This wonderful new fingerling is a proprietary variety available only through Specialty Potato Alliance. Its smooth pinkish skin and fluffy yellow flesh make this little beauty one of our best selling varieties.

Red Rebel Fingerling Potatoes- Another proprietary fingerling potato variety available only through SPA. A wine colored skin gives way to a pale yellow flesh with mottled pink/red streaks. Its’ flesh is fluffy and its flavor is slightly nutty.

S.P.A. Mixed Fingerling Potatoes-SPA offers numerous assortments of our fine fingerling potatoes. All combined for a colorful and tasty addition to any meal or menu.
